

Are you prepared for a crisis situation that can occur at any time?

From handling a medical emergency to deciding on an alternative treatment plan when cases take an unexpected turn, attendees benefit from courses presented by Daniel G. Pompa, DDS.

An Oral and Maxillofacial Surgeon, Dr. Pompa shares new and proven clinical approaches while expanding problem solving and analytical skills. He delivers high energy, interactive, multimedia presentations. Attendees will gain insight into the decision making process by reviewing multiple case history scenarios as well as a hands-on workshop with his Medical Emergency course.

Dr. Pompa uses this approach across a wide spectrum of topics, based on 30 years of experience as an Oral and Maxillofacial Surgeon. Concepts and methods presented are supported by a thorough review of the most recent evidence-based dental and medical literature.

With guidelines and principles that will broaden your situational awareness, both surgically and medically, participants understanding, confidence and patient outcomes can improve.

"An outstanding lecture that is brilliantly presented."

M. Rothberg, DDS; Long Island, NY
